We collaborate with each client partner to assemble and arrange the fundamental building blocks that bring their vision to life, creating what we refer to as **THE NEXDINE EXPERIENCE**.

The NEXDINE Experience

NEXDINE Hospitality

NEXDINE Dining

XENDELLA

Corfinity

These building blocks, developed over 30 years, are the foundation for THE NEXDINE EXPERIENCE.

Each is an integral part of creating excellent service. With people and culture at the core, we build strong and lasting partnerships.

We analyze and track each component throughout and use that information to build a customized approach for your community.

NEXDINE Hospitality and its family of companies, together they provide services to discerning client partners in a wide range of industries including:

- Senior Living
- Healthcare
- Corporate Dining
- Education
- Special Venues

Our corporate office is located in Mansfield, MA

Together our companies create

Serving Clients Nationwide
With offices located in New England, the Mid Atlantic, the South & South East, the Midwest and on the West Coast, our Support Services are strategically located to create the NEXDINE experience with regional support. We're focused on creating amazing hospitality experiences for our customers

in senior living communities, healthcare facilities, corporate dining, cultural venues, independent schools, and higher education. We're fully equipped with digital technology from front to back of the house so you can expect the highest level of quality, service excellence and performance outcomes.

NEXDINE has been named a “Top Riser” in revenue growth rate two years in a row by Food Management.*

*FoodManagement.com

CIOCoverage ranked NEXDINE in the Top 10 Most Innovative Food Service Management Companies of 2021.

Through the integration of NEXDINE’s, XENDELLA , CORFINITY, and STREATS family of companies, we can offer integrated services in every area of hospitality.

XENDELLA brings integrated management services to your facilities. Offering Housekeeping Services, Facilities Maintenance Services (IFM), Laundry Services, and Concierge Services, XENDELLA's integrated management services improve cleaning quality, operational efficiency, and boost staff engagement. Combining technology with amazing customer service, our Facility Managers embrace the hybrid digital workplace and build a working environment that prioritizes the guest experience, flexibility, and productivity.

CORFINITY Combines Fitness Center Management & Dining Services. Specializing in fitness, wellness and lifestyle services, CORFINITY creates a holistic fitness environment that promotes the well-being of your residents and staff. With a full range of services, including fitness facilities management, personalized food programs, Health Assessments, Virtual RD Consultations, in-person and virtual trainers, serving Senior Living Communities, CORFINITY creates an experience that helps your residents and employees achieve their wellness goals.

STREATS brings local Restaurants and local experiences to your door. STREATS builds relationships within your community and partnerships with local businesses. STREATS Markets, Pop up concepts, and fresh Grab-n-go services are all supported 24/7 with unattended self-checkout kiosks. STREATS Markets provide safe open access to a variety of food, snacks and convenience products. STREATS pop up concepts, bring local restaurants and products to your facility. With STREATS, you'll have a variety of choices served fresh every day, without having to leave the workplace!

TASTEFUL INTRODUCTION

Food is also an experience – one that evokes powerful emotions, projects identity, and can both trigger and create memories.

TASTEFUL Introduction

Food is both a wondrous and wondrously complex topic. You can talk about food in terms of calories and nutrients, planning and preparation, menus, and recipes. But food is also an experience – one that evokes powerful emotions, projects identity, and can both trigger and create memories. That is why NEXDINE Hospitality is dedicated to creating an amazing dining experience. But an individual's experience with food can vary widely. Individuals with conditions like dysphagia, dementia, or individuals whose dietary requirements have changed due to injury or disease often have experiences that are limiting, frustrating, or even stigmatizing.

NEXDINE's TASTEFUL program has been designed by an exceptional team of dietitians and culinary experts to provide an amazing dining experience to all guests, regardless of their individual abilities and needs. TASTEFUL delivers authentic flavors, provides the nutrition that each person needs, and honors the dignity of every guest we serve.

TASTEFUL PROGRAM OVERVIEW

TASTEFUL Program Overview

NEXDINE's TASTEFUL program consists of four distinct elements with benefits that apply in a variety of settings, from hospitals and senior living communities, to schools, colleges and universities, and corporations.

Our four TASTEFUL elements are:

TASTEFUL Textures

NEXDINE's texture modified food program, designed to enhance the dining experience for people who experience dysphagia or difficulty swallowing.

TASTEFUL +

NEXDINE's enriched foods and supplemental nutrition program for individuals who require added calories or protein as they recover from injury or illness.

TASTEFUL Sips

NEXDINE's enhanced hydration program. All people benefit from staying well hydrated, and TASTEFUL Sips makes hydration a more refreshing and enjoyable experience.

TASTEFUL Bites

For individuals with dementia and dexterity issues, bite-sized finger foods deliver a more nutritious and manageable dining experience.

TASTEFUL Textures

TASTEFUL Textures is NEXDINE's advanced texture modified food program. Dysphagia and difficulty in swallowing are not uncommon in senior living and healthcare environments. Yet, many food and dining programs give little consideration to individuals with these conditions, heating and serving frozen, processed purees that address safety, but ignoring the dignity and enjoyment of the patient or resident.

TASTEFUL Textures is a state-of-the-art program, based on the latest medical science and firmly rooted in our Culinary Values and commitment to fresh, authentic food made from scratch. Our program integrates the full spectrum of diet levels specified in the International Dysphagia Diet Standardization Initiative (IDDSI), and our teams are equipped with the tools, recipes, ingredients, and guidance to create texture

modified meals and exquisite purees that are artfully presented and served to residents and patients to enjoy with the confidence and dignity each deserves.

**TASTEFUL Textures is
firmly committed to
fresh authentic food
made from scratch.**

TASTEFUL +

TASTEFUL + is NEXDINE's alternative to the highly processed and costly commercial supplements used in many hospitals and senior living communities. Individuals recovering from injuries or disease often require increased calories and protein, and it is NEXDINE's philosophy that the best approach to diet and nutrition is to use freshly prepared foods, quality ingredients and the expertise of trained diet, nutrition, and culinary teams to ensure that each patient or resident gets exactly what they need.

TASTEFUL + is an advanced

program of fresh, authentic enriched foods and smoothies, made on-site with fresh ingredients. The enhanced nutrition is customized and incorporated into the patient or resident's meal so that they can engage fully in all the social aspects of dining in their community without the stigma and unpleasant experience of relying on commercial supplements. Many competitors often substitute a menu favorite with a processed or commercially modified alternative that lacks the visual appeal and experiential elements of its traditionally prepared counterpart. NEXDINE's

TASTEFUL + plate looks exactly like others but with added nutrition so they are able to enjoy all our menu offerings. The recipes used in TASTEFUL + are carefully curated to ensure variety and enjoyment.

Supplemental nutrition may come in the form of enhanced oatmeal or muffins, enriched gravies and sauces, rich macaroni and cheese or cream soups, and even delicious, fortified desserts or cookies. As with all our programs, we emphasize local and seasonal ingredients for ultimate enjoyment and variety.

**TASTEFUL + Plates
look exactly like
others but with
added nutrition.**

TASTEFUL +

TASTEFUL Sips
is a natural,
flavorful, hydrating
refreshment.

TASTEFUL Sips

TASTEFUL Sips is natural, flavorful, hydrating refreshment. No soda. No artificial sweeteners or colors. Locally sourced, seasonal fruits, vegetables, herbs and spices infuse our program with vibrant flavors and colors. TASTEFUL Sips infused waters, hydrating aromatic teas, refreshing juices and energizing smoothies are appropriate for hospitals, senior living communities, and retail markets that serve guests in all of our healthcare, senior living,

independent school, higher education, and corporate environments.

TASTEFUL Sips infused waters are healthy, hydrating refreshment in healthcare and senior living communities where hydration is critical to good health. Clear vessels placed at strategic, high-traffic locations serve as striking visual reminders that hydration is important, and TASTEFUL Sips is the most

flavorful path to satisfying refreshment.

Aromatic teas, fresh juices and fresh smoothies provide healthful alternatives to sugar sweetened beverages and commercial sodas that have contributed to health issues from obesity to diabetes. NEXDINE's flavorful combinations are delicious and refreshing, made from authentic, seasonal ingredients to promote health and wellness and increase retail traffic.

TASTEFUL  **SIPS**

TASTEFUL Bites are made from scratch from fresh seasonal ingredients.

TASTEFUL Bites

Diet and nutrition in memory care has many challenges, but TASTEFUL Bites offers advanced solutions to boost consumption and enjoyment, reduce frustration and restore dignity and confidence.

TASTEFUL Bites features an extensive selection of fresh, authentic recipes reimaged as finger foods that residents with dementia can manage more effectively. The program features bite-sized portions, edible vessels, and delicious recipes with fresh fruits, vegetables, herbs and

spices that have demonstrated the potential to promote brain health and memory.

As with all our programs, TASTEFUL Bites are made from scratch from fresh, seasonal ingredients. It is food that residents enjoy, staff can manage effectively in a memory care setting, and family members feel good about. NEXDINE's TASTEFUL is a comprehensive program, representing a variety of innovative approaches to some of the most difficult diet and

nutrition challenges, from the multi-faceted complications of dementia to everyday hydration. If your current dining program has struggled to deliver on your vision, your staff doesn't have the skill or the support necessary to execute advanced solutions, or your current provider isn't delivering the innovation you expect, it is time to explore what the NEXDINE Experience can mean for you and your senior living community, hospital, school, or office environment.

OUR FAMILY OF COMPANIES

HOW OUR FAMILY OF COMPANIES ENHANCE OUR OFFERINGS

XENDELLATM

FACILITIES MANAGEMENT

We're focused on evolving the environment of seniors, residents, employees, and guest care. Our top priority is to elevate housekeeping, laundry, and facility operations to create an amazing hospitality experience. Our colleagues' amazing guest service and life-enhancing care allow you to do what you do best, serve and build strong communities.

Hospitality & Facility Support Services

XENDELLA provides a unique hospitality service focused on creating better experiences. Maintaining a clean, safe, and positive environment creates a comfortable experience for your residents and guests. We work closely with your team

to understand your needs, so we can customize our services to ensure guests experience high-quality hospitality, facility management, and support services.

Creating an Amazing Facility Experience

We offer our guests the warmth of a home environment, the assurance of a secure setting, and the improved efficiencies you expect from an EVS provider. We're focused on creating a safe, protected, and carefree environment for those we serve.

Environmental Services

XENDELLA maintains uncompromising standards for Environmental Services to

ensure that your communities exceed sanitation standards. We offer cleaning protocol programs to ensure your high-touch areas are regularly disinfected by harnessing industry-leading practices to combat infection.

Custom Solutions

We believe every facility is unique in its needs, so we customize our services to deliver the results you and your guests desire. We will partner with you to develop a solution that solves your holistic needs. Our plans are tailored and optimized to meet your goals now and as they evolve in the future.

We build strong communities

Regulatory Compliance Programs to ensure you're always meeting regulations

Quality Support Services to ensure your facility meets the highest standards.

Client Satisfaction to ensure you and your clients needs are met

Quality Assurance Programs to ensure our standards exceed expectations

Smart Technology to improve efficiencies

CORFINITY

STREATS Pop-up experiences keep our guests' experience fresh and exciting by bringing in new and local items to spice up the day-to-day.

STREATS Market

Because senior living communities operate 24 hours a day 7 days a week, it is important that dining options be available at all times. STREATS is that option. STREATS Markets serve as more than just a convenient place to go. They are an extension of our clients' commitment to enhancing the community experience for their residents, staff and guests.

STREATS Market offerings are customized to each community and include freshly prepared signature sandwiches, salads, meals-to-go, fresh baked goods, and an array of specialty snacks and beverages. Our cloud-based technology integrates 24 x 7 self-checkout capability, with on-line mobile ordering, payroll deduction, and customer loyalty programs.

STREATS Pop-up Restaurants

STREATS forges relationships with local restaurants and food trucks to bring authentic street foods into your cafes. Unlike other pop-up restaurant providers, we fully vet our restaurant partners and require them to adhere to NEXDINE's exacting standards of food quality, safety and sanitation, marketing, uniforms, service, and hospitality.

Each restaurant is required to conduct daily quality assurance audits using our MeasureUp cloud-based platform. Whether spotlighted on one of the floors or on the patio, our celebrity chefs are certain to entertain and delight your residents and guests.

OUR GUIDING PRINCIPLES

Be Thoughtful & Kind

With every human connection, lead with kindness. Be thoughtful in ways that amaze everyone around you

Take Pride In Your Work

Be committed to doing your very best work, even when no one is looking. Having pride in your work shows you care.

Prioritize Operational Excellence

Be focused on always being better. Improve our customer experience with quality, service, and speed. Every day, find one thing you can improve upon.

Learn What Drives Our Business

Utilize all the business data available - it will drive great business decisions. Good news we love to hear, bad news we need to hear

Make Diversity Our Advantage

Diversity and inclusion throughout our workplace foster personal and professional growth. Respect all we work with and serve equally. Treating all equally makes you a better person.

Embrace Innovation & Technology

Every day, embrace new and innovative methods to engage and delight our guests. Maximizing technology makes us and everyone we connect with better.
